Entwined Minds Book Club

Monday, November 14 at 1pm

All interested readers are invited to Entwined Minds Book Club. The book for discussion this month is *The Devil in the White City* by Erik Larson. Larson tells the stories of two men: Daniel H. Burnham, the architect responsible for the construction of the 1893 Chicago World's Fair and H.H. Holmes, a serial killer masquerading as a charming doctor. Burnham's challenge was immense. In a short period of time, he was forced to overcome the death of his partner and numerous other obstacles to construct the famous "White City" around which the fair was built. His efforts to complete the project, and the fair's incredible success, are skillfully related along with entertaining appearances by such notables as Buffalo Bill Cody, Susan B. Anthony, Nikola Tesla and Thomas Edison.
